

I would like to give my opinion as feedback against the licensing application by White Shop to sell alcohol 7 days a week.

The reasons

I don't feel that they will keep to the rules by not selling to underage children as they do this with vapes and tobacco.

I don't agree that Llangefni needs another shop that sells alcohol, we already have too many shops that sell alcohol and the Spar shop is across the road.

I'm not sure if they are thinking of the needs of Llangefni High Street and thinking of people's health and safety.

I'm not sure if they know about the Minimum Alcohol Unit Price or enough about the law to be selling alcohol.

There are enough problems with anti-social behaviour and people drinking alcohol on the street, how will this application reduce the problem?

I hope you will consider my opinion. Thank you to Councillor Paul Ellis for bringing this application to our attention (he also has a shop that sells alcohol).

Thank you

Donna
